

Subject list of specifications and examination boards.

The curriculum provision provided for Year 10 and 11 students closely follows the National Curriculum requirements for Key Stage 4 (14-16), with all students studying for qualifications in the core subjects of English, Mathematics and Science. Our broad and balanced curriculum offers students choices both within and in addition to the National Curriculum framework.

*This is subject to change in the future as we review the curriculum annually in order to best meet the needs of our students.
