

Post 16 Progression

Local 6th Forms, Colleges, Training Providers Information 23/24

The following providers are schools, colleges and training providers in Mansfield, Chesterfield and the surrounding areas. They will all have similar application processes and can be done online or maybe paper-based and staff at the Academy can support you with these if necessary.

Lots of provisions will have open days/evenings where you can visit the campus to get a feel for the environment, if you have not already chosen your Post 16 destination, it would be beneficial to attend some of these, as open events are an excellent opportunity for you to talk to the teachers and tutors, about the courses of interest to you, to look at the facilities and to help you make informed choices about where to apply.

Make contact directly to confirm application deadlines and to enquire about tours/open evening attendance.

*Supported Post-16 Provision

The following organisations offer courses for students with additional learning needs, or who would benefit from a supported transition from Y11.

Level 1,2 & 3 Hair & Beauty Qualifications.

Guidance Notes:

- Please remember that you can apply to more than one place of study to keep your options open until you make your final decisions after receiving your GCSE results. Applying to hold at least one back-up place is highly recommended.
- If you are applying for apprenticeships as your first choice pathway, please note that all students are strongly advised to apply for a back-up course.
- Applications - For colleges, students can apply online. Other providers welcome direct contact from parents or school. We encourage students to apply as soon as possible to more than one of these options, and to visit providers with family members to help decide which would be most suitable for them.
- Transport - Most students access public transport or college buses to attend their post-16 provision, with bursary support available depending on circumstances. In some cases, special travel arrangements can be arranged. Colleges and other providers will be happy to give further information about travel options and support, please contact us in school if you would like further information.
- Information Sharing - Students with EHCP – SEN support needs will be shared with post-16 providers by Derbyshire County Council as part of the EHCP review process. Students without EHCP – Parents may wish to discuss support needs directly with the provider. The Academy may share SEN information with providers to ensure support is in place, either via college reference forms or directly with providers (with parental consent).
- Should you need any further assistance or have any questions please do not hesitate to speak with **Kelly Brown (Personal Development & Careers Co-ordinator)** or **Danni Evans (Careers Advisor)** in the Academy.
